**866-515-9505**

Pinnacle Trucking LLC is a fully compliant Hazardous Materials Certified Carrier. All Pinnacle drivers have received their hazardous materials endorsement, & follow all 49 CFR requirements, Federal Motor Carrier Safety Act (FMCSA) regulations.

### **Load to Deliver LTL Model:**

Reliable, on time-claim free service is our trademark at Pinnacle Freight. Using our Load to Deliver LTL model, we provide all of these services because we eliminate multiple handling of your hazmat shipment. We load direct to your customer on one truck - saving time, and delivering your hazardous materials safe and secure. This is a customized LTL program specifically designed for care and handling of hazmat products.

### **Protect From Freeze Service:**

Need your hazardous material shipment protected with heat during the winter months? Pinnacle Trucking is your solution. Our fleet consists of all new 2012 Great Dane trailers equipped with 2012 Thermo King reefer units, which can be set at any degree necessary to protect your hazmat shipment. Our system features TracKing, a complete mobile or desktop application that can provide you with 24/7 real time temperature and location tracking.

**Please contact us today and find out why more hazardous materials shippers trust their shipments to Pinnacle Trucking.**
